CO-ORDINATING COMMITTEEExport of Chemicals to PolandMemorandum by the United Kingdom Delegation

The United Kingdom Authorities have been asked to approve the export to Poland of the following materials.

| <u>International List Item</u> | <u>Weight</u> | <u>Material</u> | <u>Value</u> |
|------------------------------------|---------------|------------------------|--------------|
| 1715 | 1 kg. | Boron Crystalline Pure | £ 210 |
| 1715 | 3½ kg. | Sodium borohydride | £ 492 |

2. The Boron Crystalline is required for the remanufacture of organic compounds of Boron at the Institute of Organic Chemistry, Wroclaw University and Sodium borohydride for the determination of iron in the presence of chrome, manganese and nickel at the Institute of Inorganic Chemistry, Warsaw University.

3. Her Majesty's Government wish to authorise the export of these materials under the Polish Exceptions procedure and the usual assurances will be obtained from the Polish authorities. Her Majesty's Government would be grateful for the views of member governments by March 21.

United Kingdom Delegation,
Paris.

March 2, 1960.
